

# MUBASHIR AHMAD HAMZA

## Front-End Developer

+923334475755 | hamza.cse123@gmail.com | mubashir-ahmad-hamza-a5961b279/

### Professional Summary

Passionate and detail-oriented Front-End Developer with hands-on experience in building responsive, user-friendly, and dynamic web applications using React.js, Tailwind CSS, and modern JavaScript frameworks. Adept at translating UI/UX designs into efficient, reusable components and ensuring seamless performance across devices. Committed to writing clean, maintainable code and continuously learning new technologies to deliver innovative web solutions.

### Technical Skills

**Front-end:** HTML5, CSS3, JavaScript, React.js, Tailwind CSS

**Backend:** Node.js, Express.js

**Database & Cloud:** MongoDB, Firebase

**Tools & Platforms:** Visual Studio Code, Git, GitHub, Vercel

### EXPERIENCE

#### Front-End Lead

TechTideCo.

DEC 2025 - Present

- Lead front-end development for responsive and scalable web applications..
- Collaborate with designers and backend teams to deliver high-performance, user-friendly interfaces.
- Oversee code quality, optimize performance, and manage version control and deployments.

#### Front-End Developer

TechTideCo.

OCT 2025 - DEC 2025

- Develop and maintain scalable, responsive web applications using React.js and TypeScript.
- Collaborate with cross-functional teams to translate UI/UX designs into high-performance features.
- Optimize applications for speed, accessibility, and cross-browser compatibility.

#### Front-End Developer Intern

AUG 2025 - OCT 2025

TechTideCo.

- Developing responsive and dynamic user interfaces using React.js and Tailwind CSS.
- Collaborating with designers and backend developers to ensure seamless integration and UI consistency.
- Optimizing application performance and ensuring cross-browser compatibility.
- Enhancing project workflow efficiency using Git, GitHub for version control and deployment.

#### Front-End Developer Intern

DEC 2024 - FEB 2025

DevelopersHub Co.

- Translated Figma designs into pixel-perfect, reusable React components.
- Implemented modern UI/UX principles to improve user engagement and accessibility.
- Worked in an agile environment, participating in code reviews and daily stand-ups.
- Deployed and maintained web applications, ensuring responsive design across all devices.

## Front-End Developer Intern

SEP 2024 - NOV 2024

Rhombix Technology

- Assisted in building and maintaining front-end features for client projects using HTML, CSS, and React.js.
- Collaborated with senior developers to debug and enhance existing web functionalities.
- Gained hands-on experience with Tailwind CSS, version control (Git), and project deployment.
- Improved code readability and maintainability through component-based architecture.

## EDUCATION

### Bachelor of Science in Computer Science (BSCS)

OCT 2020 - SEP 2024

Virtual University of Pakistan

- Gained strong foundational knowledge in programming, software development, and web technologies.
- Focused coursework: Web Development, Data Structures & Algorithms, Database Systems, and Software Engineering.

### Fsc Pre-Engineering

AUG 2018 - SEP 2020

Islamia college

- Studied core subjects including Mathematics, Physics, and Chemistry, building a solid analytical foundation for computer science.

## PROJECTS

### E-Commerce Website

DEC 2024 - FEB 2025

DevelopersHub Co.

<https://e-commerce-web-lime.vercel.app/>

**Tools:** HTML, CSS, Tailwind CSS, JavaScript, React.js, useContext

- Developed a responsive front-end e-commerce application featuring product listings, shopping cart functionality, and smooth navigation.
- Designed a modern and intuitive UI with dynamic cart updates, product filtering, and a seamless user experience.
- Focused on component reusability, performance optimization, and clean layout structure.

### Portfolio Website

SEP 2024 - NOV 2024

Rhombix Technology

<https://portfolio-5-phi.vercel.app/>

**Tools:** HTML, CSS, Tailwind CSS, JavaScript, React.js

- Built a professional portfolio using React.js to showcase projects and development skills.
- Implemented navigation using React Router and state management via React Hooks.
- Focused on responsive design, modular CSS structure, and user-friendly layout for smooth interaction.

### Blog Website

APR 2024 - JUL 2024

Youth Empowerment and Training Program

<https://blog-eight-henna-12.vercel.app/>

**Tools:** MERN Stack (MongoDB, Express, React, Node.js)

- Developed a full-stack blog application allowing users to read, create, and manage posts.
- Implemented authentication and CRUD operations for seamless content management.
- Designed a clean, responsive UI to enhance user engagement and accessibility.
